

## Chief Medical Officer, Technologist, and WSJ Best Selling Author

Geeta Nayyar, MD, MBA, is a globally recognized chief medical officer, technologist, and bestselling author who helps leaders leverage a human approach to innovation, including rapid advances in AI, to achieve better health and business outcomes.

A widely sought-after speaker and author of the Wall Street Journal and USA Today bestseller “Dead Wrong: Diagnosing and Treating Healthcare’s Misinformation Illness,” Dr. G has appeared on prominent media outlets such as CNBC, CNN, Fox and ABC news. She has served as chief medical officer for Salesforce and AT&T, among other executive roles. She currently serves on the board of the American Telemedicine Association and as an advisor to the American Medical Association.

A rheumatologist, Dr. G earned her medical degree at the University of Miami Miller School of Medicine, where she was admitted into an accelerated program at age 17, and her MBA at The George Washington University School of Business.
